

Realistic AI fashion modelling.

Turn product references into premium model imagery and cinematic fashion content for your next campaign.

PORTFOLIO SAMPLE / Model identity & full-look reference

₹20,000 / month

150 premium images + 11 exclusive AI fashion videos

Detail that feels natural.

A consistent model reference gives each creative a clear visual foundation: recognisable identity, considered styling and believable lighting.

AI model reference sample from existing portfolio work.

Human detail

Natural hair, visible skin texture and balanced facial proportions.

Garment-led imagery

Focus on silhouette, fabric appearance, colour and print placement.

Consistent visual direction

Model references guide identity and styling across selected shots.

One plan. Daily creative.

₹20,000

per month / 30-day production cycle

150 premium realistic images

5 images per day across a 30-day cycle. Plan a mix of studio, lifestyle and outdoor concepts to match your brand.

- Product-focused poses, angles and compositions
- Indian fashion model concepts and brand styling
- Model references for consistent campaign direction
- Visual review of garment details before delivery

11 exclusive AI fashion videos

Next-generation, reference-driven video production for fashion reels, product highlights and campaign creatives.

- Planned scenes, model movement and camera direction
- Garment-led storytelling and consistent visual style
- Lighting, environment and continuity checks

Video duration, output formats, revision scope and delivery calendar are agreed before production begins.

From garment to campaign.

Build realistic AI fashion video around the product, the model reference and a clear shot plan.

01

Product & brand brief

Share clear garment photos, key details, your audience and campaign direction.

02

Model & scene direction

Choose the model reference, styling, environment, lighting and poses.

03

Reference-driven video

Create planned shots with controlled camera movement and natural model actions.

04

Quality review & finishing

Check visible garment details, anatomy, movement and continuity; refine selected outputs.

05

Campaign delivery

Receive the approved images and videos in the formats agreed for your channels.

Ready to build your next fashion campaign?

Send your product photos + brand brief to get started.
